About National Centre for Circus Arts

The National Centre for Circus Arts is a registered charity and one of Europe's leading providers of circus arts training. For the past 30 years we have provided emerging and professional circus artists, directors and choreographers access to vital space and support to train, experiment and share ideas.

The National Centre is an independent Higher Education Provider recently registered with the Office for Students having previously been a core member of the Conservatoire for Dance and Drama. Our diverse range of work includes BA degree-level education in Circus Arts which is supported at either side by a structured training programme for under-18s and professional development opportunities for aspiring and established performers. Adults and young people can enjoy recreational classes and occasional performances. We also run highly regarded workshops, away days and team building events for the corporate community. We continue to develop our creation and production capabilities and are striving forward in both initiating, supporting and creating high quality work that can tour regionally and nationally. Our national role increasingly sees us supporting and mentoring circus artists and organisations across the country as we seek to develop and mature our remarkable art form.
