WHO ARE WE?

What and who are we?

The Revel Puck Circus is a London-based circus company, who create fresh circus for a new audience. Founded in 2018, we have grown from borrowing a 35-year-old 200-seater tent to one of the largest circus production houses in the country with a strong and successful track record of delivery across creative production, pop-up festivals, and large-scale bespoke projects both nationally and internationally.

Founded in East London, we are a young and dynamic artist lead company, striving to do and see circus differently. Our award winning, creative team is working to change the face of what U.K. circus is, and what U.K. circus could be. Revolutionising our industry whilst redefining the circus' place in culture.

Our work is based on the principle that to create work of universal appeal does not mean a sacrifice of artistic integrity or dramaturgical depth. It is possible to make work that is both poignant and joyful, that can resonate deeply whilst bringing joy and laughter to the faces of all.

We are incredibly passionate about ensuring that what they do is of real benefit to local communities. From the creative output of exceptional circus that is accessible to people of all ages and backgrounds to community engagement programmes. We are part of the heart of the new wave of contemporary circus in the U.K. and beyond.

You can catch a glimpse of our work [here](#)

WHAT'S THE CIRCUS YARD?

Situated on The Levels in the heart of the city centre The Circus Yard is the new home of Circus at Brighton Fringe - produced by artists, for artists.

Two exceptional and unique temporary venues will be popping up; situated within the immersive world of The Revel Pucks. A fully curated program of established productions and exciting new voices will be taking over The Levels throughout Brighton Fringe.

The Revel Puck Circus Yard, is committed to supporting artists with world-class facilities, a welcoming environment, and a community of like minded, creatively driven people.

Our venues:

The Big Puck:

A spectacular and truly versatile 500-seat venue with a 10 metre stage and unlimited rigging capabilities. Perfect for showcasing ambitious productions and high-skill performances.

Big Puck will be operational from the 2nd May - 2nd June

The Little Puck:

A charming, intimate 200-seat space ideal for emerging talent, experimental work, and engaging shows that connect closely with audiences.

Little Puck will be operational from the 16th May - 2nd June

WHAT DOES THE DEAL LOOK LIKE?

As an artist lead organisation, we know how difficult fringe environments can be. We want to work with YOU to find a deal that can work for everyone.

We are operating all deals on a **no MVFF (Minimum Venue Flat Fee)** - meaning that if you don't sell enough tickets, you won't owe us a penny.

Each financial deal will be bespoke, depending on the scope and scale of your work, length of desired run and risk mitigation circumstances. Our team of producers will work with you to find the right deal.

All deals will be inclusive of venue fees, which cover the cost of operating the venue (front of house, AV, circus rigging, staffing, promotion etc). You will receive marketing support from our inhouse team and box office management and support.

If there are particular needs for your production, we are more than happy to discuss possibilities with you. We will be open and transparent about how we can find creative solutions.

APPLY HERE BY JAN 25TH!
